POSITION VACANCY ANNOUNCEMENT

CHEMISTRY

The University of North Alabama (UNA) is accepting applications for a tenure-track position in the Department of Chemistry and Industrial Hygiene beginning August, 2007 or January, 2008. Candidates must have a Ph.D. in chemistry with postdoctoral experience preferred. The successful candidate will be expected to teach lectures and laboratories in undergraduate instrumental analysis/chemical instrumentation and general or introductory chemistry with corresponding laboratories. Available instrumentation includes UV-vis, FTIR, 300-MHz NMR, AAS, HPLC, IC, and GC-MS. Experience in maintaining instrumentation is expected. UNA is a fully accredited comprehensive regional university with four major colleges – arts and sciences, business, education, and nursing and allied health. The Department offers an ACS-certified chemistry major. The successful candidate must demonstrate a commitment to excellence in teaching and is expected to participate in college service and student advisement. A research program appropriate to an undergraduate institution is strongly encouraged. Salary is commensurate with degree, rank and experience. In hard copy only, submit a letter of application, curriculum vitae, a statement of teaching philosophy, graduate and undergraduate transcripts (official transcripts required before hiring), and three letters of reference to: Ms. Catherine White, Director of Human Resources & Affirmative Action, University of North Alabama, Box 5043, Florence, AL 35632-0001. Review of application material will begin mid-January and will continue until the position is filled. UNA is an equal opportunity employer committed to achieving excellence and strength through diversity. UNA seeks a wide range of applicants for this position so that one of our core values, ethnic and cultural diversity, will be affirmed.
